

Dear Families:

Many families ask how they can help our classroom to become a more fulfilling learning environment for our learners. There are many quality items we would love to have for our classroom, but are not always able to get them. Many of these items can be found at the Fishing Pond Learning Store in St. Cloud.

If your family is interested in contributing to our classroom resources, I have a "Classroom Wish List" on file at the store for your convenience. That way, you'll know exactly the items that would benefit our learning experiences the most. However, if you prefer, Gift Cards are always appreciated too!

Below are just a couple items on my list...

Thank you for your support in your child's education! I truly appreciate it!
